

# NOVA 4 CAS

## 4000 lumen high efficiency COB LED work light for CAS battery system

The powerful and sturdy NOVA 4 CAS features the latest COB LED technology and provides up to 4000 lumen making it a universal all-round work light for the demanding professional user.

As a unique feature, NOVA 4 CAS is compatible with 12V-18V METABO/CAS batteries, and at the same time, the SCANGRIP POWER SUPPLY can be used for direct power providing unlimited availability to light. NOVA 4 CAS also has an internal back-up battery securing 2.5 extra hours at 400 lumen.

With the user-friendly BLUETOOTH light control app, you get an extraordinary possibility to turn on/off and control up to four work lights through a mobile device. The built-in dimmer function enables you to adjust the light output into five different levels. This feature saves time from manual operation and increases work efficiency on a daily basis.

It is designed with a display for battery capacity and lumen output level, and supplied with a built-in power bank.

NOVA 4 CAS is extremely sturdy and waterproof (IP65). Featuring an integrated carrying handle and flexible stand, it is easy to carry the work light around or mount it on the SCANGRIP TRIPOD. The work light comes with a detachable diffuser that spreads and softens the light avoiding hard shadows.
